

BRINGING GAMEFEST TO YOUR CITY

We are excited to offer a family oriented event for all ages! It is our goal to bring fun and entertainment to your family and your community. We believe in the multiple benefits and varying positive outcomes of playing family board games.

Gamefest is an event that happens in local parks, organized for the general public. Our goal is to promote the use of traditional and table top games as a form of recreation while strengthening family relationships, as well as building ties in the community.

🔍 WHAT IS IT?

Gamefest is a four week event that happens during the summer months in local city parks. It takes place on a Sunday and is accessible to all members of the community.

📌 HOW DOES IT WORK?

GameFest is sponsored by local municipalities in order to ensure that all families from the general public can participate and have no entry or playing fees.

📌 WHY DO WE DO IT?

Gamefest embraces the value of quality face to face family time. This fosters healthy and intentional interactive family experiences. Healthy families breed healthy societies.
